Processing Imaging
EQUIPMENT SERVICES LTD.
Suppliers of Veterinary Equipment

Introducing a tasty offer from Processing Imaging Equipment Services

At Processing Imaging Equipment Services (PIES) we're proud to say that most of our customers are old friends who come back again and again. To reward this loyalty we're offering you a tasty discount on your future capital equipment orders.

For every £100 you spend on film & chemicals we'll send you a 'slice of PIE'. Simply collect 10 slices of PIE by sticking them on the page opposite. Each complete PIE is worth £100 off your next equipment order.*

You can collect as many PIEs as you wish and redeem more than one at a time to save even more; collect 2 PIEs and save £200. It's that simple. In fact you could say, it's as easy as PIE.

Start collecting and start saving today!

* Only complete PIEs can be redeemed for a discount of £100 off a single transaction. No cash alternative and no change given. Discount not redeemable against film, chemistry, or supplies.
